Fundamental Concepts

Pranic Crystal Healing integrates several core concepts:

- Cleansing:** Removing negative or congested energies from the aura and chakras.
- Activation and Balancing:** Using crystals to energize and harmonize the chakras.
- Stabilization:** Ensuring the energy flow remains balanced post-treatment.

Specific Techniques

- Crystal Placement and Arrangement:** Crystals are strategically placed on or near the body's energy centers. The arrangement depends on the issue; for example, placing a clear quartz on the crown chakra to enhance spiritual connection.
- Visualization and Intention:** Practitioners visualize pure pranic energy flowing into the crystals, charging them. Intentional focus is used to amplify healing effects.
- Cleansing and Programming Crystals:** Crystals are cleansed using methods like sunlight, moonlight, or smudging. Programming involves setting a specific intention or purpose for the crystal during meditation.
